

DL32R

32-Channel Wireless Digital Live Sound Mixer with iPad® Control

The DL32R delivers 32-channels of powerful digital mixing that's completely controlled wirelessly from your iPad, freeing you to get in the mix like never before.

It's got convenient direct-to-drive multi-track recording/playback and an ultra-compact 3U rackmount design that lets you ditch the snake once and for all.

Fully loaded with DSP on each of the 32 Onyx+™ mic pres and 28 busses, the DL32R provides the power needed for professional applications.

The industry-proven Master Fader™ control app delivers extremely intuitive control over everything, including the ability to digitally recall each and every setting for incredibly fast setup.

Control everything from anywhere with the Mackie DL32R.
