

## ProFXv2 Series Mixers

ProFX4v2 • ProFX8v2 • ProFX12v2  
ProFX16v2 • ProFX22v2 • ProFX30v2

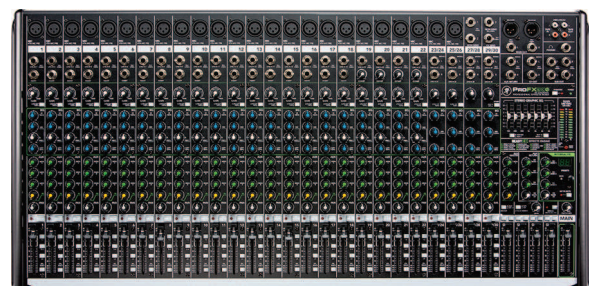

Mackie ProFXv2 Series mixers provide a comprehensive live sound solution, with models from 4- to 30-channels, covering a huge range of applications.

Delivering unmatched sound quality, ProFXv2 features all-new Mackie Vita™ preamps, which are virtually noiseless and designed specifically for the highly-dynamic world of live sound.

ProFXv2 also includes the immensely powerful new ReadyFX™ effect engine, harnessing floating-point DSP to deliver 16 rich effects that elevate any performance.

The ProFXv2 no-compromise live sound toolkit includes a room-shaping GEQ, flexible I/O and a built-in USB interface for hassle-free recording/playback<sup>1</sup>.

With a rugged steel chassis and unmatched sonic performance, ProFXv2 is truly the life of your live mix.

## APPLICATIONS

Live sound mixing, houses of worship, clubs, gymnasiums, banquet halls, conference rooms, boardrooms, studio and field recording, video post-production, multimedia applications, broadcast, and many, many more.
